LETTER FROM STERNBERG. Idaho's Governor Says He Will Accept

All Responsibility. COLUMBUS, O., Oct. 23.-Chairman Dick, of the Republican state committee, has received a copy of a letter written by Governor Steunenberg, of Idaho, under date of Oct. 10, to Secretary of War Root, in which the Governor assumes for the State full responsibility for all that has been done in Shoshone county in connection with the Governor, owing to the criticism which has been made of the federal government. Governor Steunenberg says:

While it is not necessary to inform you of the relative positions of the State of Idaho and the general government in this matter, as this status is clearly defined by statute, still it may be proper, for purposes of general information, to add that he State of Idaho is responsible for all ative to the call for troops, the arrest, detention and care of prisoners, the regulations under which the mines can and have been operated from the time of the insurrection up to the present time and the reguations of all matters concerning the em loyment of men in these mines, all of the above matters having been under the mmediate supervision, control and direction of the offices and representatives of the State if Idaho, and not in any way of the federal troops. I further state that the State of Idaho assumes and acknowledges all responsibility for the manner in which affairs are conducted in the Cour d'Alenes so long as martial law, as proclaimed, pre-

National Lead, Zine and Spelter Company Organized.

KANSAS CITY, Mo., Oct. 23 .- A combina tion known as the National Lead, Zinc and Spelter Company, with a capitalization of \$10,000,000 and a surplus of \$500,000, to control and work large interests in the Joplin-Galena district, has been formed. The concern was promoted by Marcus Pollasky, president of the National Mine Company, of Kansas City, who has just returned from New York, where he succeeded in interesting Eastern capitalists. The conthe district, and as a result of the organization lead and zinc stocks will be listed on stock exchanges of New York, Boston and Chicego. At present the offices of the company will be located in Kansas City.

Mr. Pollasky has for months been quietly at work securing options on valuable prop-erties in the Joplin-Galena district. He says, regarding the deal: "The Joplin-Galena district now produces about seven-eighths of the zinc ore of the United States d about one-fourth of the world's supply When it is remembered that this limited field, covering a space of only twenty by sixty miles, will this year produce \$16,000,000 worth of ore, it will be readily seen that our great possibilities for profitable invest-ment of capital, when intelligently manipujustifies the organization of a corpo ration with sufficient capital to operate on a gigantic scale. The final arrangements for pushing the work along will be consum-mated at an early date."

NEW YORK CENTRAL RAILWAY TO INCREASE ITS CAPITAL.

William Rockefeller Elected a Member of the Executive Committee -Consolidations Probable.

NEW YORK, Oct. 23.-William Rocke-

feller was to-day elected a member of the executive committee of the New York Central Company at the meeting which authorized an issue of \$15,000,000 additional stock. The World says: "The election of Mr. Rockefeller to the executive council of the New York Central system is of far reaching importance, as it marks the surrender of the New York, New Haven & Hartford system to the New York Central. Mr. Rockefeller was elected a director in the New York Central a few weeks ago. He and his brother, John D. Rockefeller, have never heretofore commanded any influence in New York Central affairs, although they have for several years held a big block of its stock. But they have been important factors in the management of the New York, New Haven & Hartford. William Rockefelwas written voluntarily, it is said, by the | ler's election to the executive committee of the Central is, therefore, accepted as an indication that the union of the two systems will shortly follow.

"Charles P. Clark retired from the presidency of the New Haven a short time ago. it was reported at the time this resignation was in deference to the wishes of the Rockefeller-Morgan interests. John M. Hall, the first vice president of the New Haven, will, it is said, be promoted to the presi-dency, and will be in thorough accord with the policy to be agreed on by Mr. Rocke-feller and J. Pierpont Morgan on the one hand and the Vanderbilts on the other. "The next step in the deal started yesterday will, it is believed by railway men, be the absorption of the Boston & Albany, the Boston & Maine, the Fitchburg and the Maine Central. The amalgamation of these interests under the auspices of the Vanderbilts will end the war between the New England roads, which has continued for years. It may, of course, be some months before the consolidation of all the New England roads is accomplished under the Vanderbilt plan, but the union of the Rockefeiler and Vanderbilt interests yesterday is viewed as the first step towards its ac-

"It is understood that the absorption of the New Haven by the Vanderbilts, which is expected to be officially consummated "The addition of \$15,000,000 to the capital

stock of the New York Central system was voted unanimously on the recommendation of W. K. Vanderbilt. President Calloway said, in a report to the executive committee, that the earnings of the read during the present year court have been egin Thursday before the United States greatly increased if it were not for the scarcity of rolling stock of the road, which, he declared, was entirely inadequate to meet the demands. "A few months ago the company con-

tracted for freight cars to cost \$5,000,000. W. K. Vanderbilt is said to have advanced the money for the new equipment, much of which is now in use. Under the terms of the advance he was to be paid at the rate of \$500,000 a year. But the new equipment did not meet the demands, and it was decided to increase the capital stock \$15,000,000. Of this, \$5,000,000 is to be turned over to Mr. Vanderbilt, and \$10,000,000 used for the purchase of additional rolling stock. The Central stockholders will save about \$300,000 a year in interest on the new stock. The interest on the \$10,000,000 to be used for the per cent., will be \$400,000, which, in the opinion of Vanderbilt officials will be earned by increased facilities. A stockholders' meeting to ratify the increase will be called

in a few days. "The report of the Central system for the quarter ending Sept. 30 shows that the balance available last year for the parallel quarter was 1.52 per cent. This year it is stated to be 2.56 per cent. If the increase i sustained the amount available for dividends will be in excess of 10 per cent. a year. The increase in mileage over the same quarter last year is given as 243 miles, making a total of 2,828.04. The earnings from operations during the quarter were \$14,184,398. The net income was \$2,643,737, and the amount available for dividends \$2,-

RATIFIED BY UNIVERSALISTS. Chicago Platform of Principles

Adopted by a Large Majority.

BOSTON, Mass., Oct. 23.-The biennial convention of the Universalist Church was opened here to-day after nearly a week | makes at \$1.04. This is the first rise since of preliminary meetings. Charles L. Hutchinson of Chicago presided, and the preliminary devotional service was conducted by the Rev. Joseph Crocker Snow of Haver- Indiana, two cents. hill. The first business taken up was introduced by a motion to ratify a new platform of principles by the acceptance of which the Universalist body gives up forever the Winchester confession of faith adopted by it in 1803. The new declaration is the result of a conference of Boston Universalist ministers and was drawn up by the chairman of that committee, Rev. George T. Knight, of Tuft's College. It was adopted by the Universalist body at its last biennial convention in Chicago, but under the by-laws had to lie over two years for ratification. Rev. Henry B. Metcalf, of Pawtucket, R. I., moved its ratification. The Chicago declaration is as follows: The essential principles of the Universa-list faith are the universal fatherhood of God; the spiritual authority and leadershi

of His son, Jesus Christ, the trustworthi ness of the Bible as containing a revelation from God; a certainty of retribution for sin; the final peace and harmony of all souls the Paiges, of Obto with God. The ratification was voted: 132 in favor; 10

adverse. The most important feature of the proceedings aside from the adoption of the new articles of faith was the admission of a delegation headed by Rev. Everett Hale, For Ohio-Fair Tuesday and Wednesday; of the Unitarian general body, for conference on the subject of a union of the two denominations. Dr. Hale addressed the convention. He said the leading feature of Unitarian life, as Dr. Lyman About described it to the speaker, was the forward look, combined with the determination to At the evening session Governor Wolcott spoke of the Universalist creed as he understood it, and gave the delegates a cor-dial welcome to the State. Dr. Lymann Abbott, of Brooklyn, followed, speaking for the Congregationalists. He declared himself with the Universalists in that he did not believe in the doctrine of eternal punishment. He differed with hi hearers by daring to believe that a universe in which there is a hell and heaven is better than a universe where there is neither. He said that the most awful and splendid

REV. P. M. M'CABE DEAD

CATHOLIC PRIEST WHO AIDED JOHN BOYLE O'REILLY TO ESCAPE.

Changed Clothes with the Irish Poet While the Latter Was a Political Prisoner in Australia.

WASECA, Minn., Oct. 23.-Rev. P. M. McCabe, the well-known Roman Catholic clergyman, died Saturday evening Bright's disease at St. Mary's, a small mission near here. His death recalls an exploit in which he was a conspicuous actor. It was Father McCabe who was instrumental in liberating the political prisoner, John Boyle O'Reilly, who afterwards became the noted American poet. O'Reilly was detected propagating Fenianism in England. He was arrested and sentenced to penal servitude. It happened that Father McCabe was stationed at the Australian prison as chaplain. To him O'Reilly confided his intention of making his escape. The priest offered to hide him. On a dark night in 1869 and the prisoner exchanged clothes. In this ulse O'Reilly departed in an open boat without food or drink. After three days of terrible exposure to the perils of the sea O'Reilly was picked up by an American whaler and carried to Liverpool. Thence he made his way quietly to the United States. The priest reported to the prison officials that he had been waylaid by the convict who compelled him to make the exchange of clothing. When the truth leaked out later on Father McCabe was obliged to make a hasty departure from Australia. He came to this country and applied to Bisop Ireland for a charge in this diocese eighteen years ago. He has remained in Minnesota ever since.

GALLANTRY ON BOTH SIDES. Britons, However, Showed Their Superiority in a Pitched Battle,

LONDON, Oct. 23. - Fuller accounts of Saturday's battle at Elandslaagte emphasizes the splendid gallantry exhibited on both sides and the superiority of the British in a pitched battle, although the Boers fought with the greatest tenacity to the last, only yielding when further fighting was hopeless. An armored train, with the men of the Manchester Regiment, appeared on the left at Ladysmith at daybreak on Saturday in support of the Johannesburg Imperial Light Horse and the Natal field artillery, with the object of reopening communication with Elandslaagte. The artillery took up a position above the town and shelled the railway station, from which the Boers ran out, and the British mounted infantry, entering the place, released the English prisoners. The Boers, numbering some 1,600 men

with three guns, occupied a commanding position. They poured such a well-directed fire on the British and their scouts were so active that the British force steadily retired until reinforcements arrived, when the mounted infantry was sent to drive the Boer scouts from the ridge on the right A large force of mixed cavalry in the meanwhile swept over the plain and up the hill on the right. The Lancers met with a heavy fusilade when on the left a British battery opened fire with good effect. The British infantry, who had debarked from the railway train in the interim, advanced steadily over the plain and up the rocky ridge previously cleared by the cavalry. The Boer artillery dropped shrapnel into the advancing columns, but the British finally scaled the hill, whence they overlooked the broad valley to three rocky hills forming the Boer's position, their camp being in the center. On the left center the Boers had a battery of three large guns. The smaller hills were also strongly held. On the Boer right was the station, in a valley on the British left. The latter's cavalry was on both flanks and a battery on the right was busy throwing shrapnel at the

The British infantry formed for the attack in extended order behind the brow of a hill, the Devonshire left, with four companies of the Manchesters and some of the Gordons on the right. At about 5 p. m. as steadily as on field day. Half way down the slope they met a terrific infantry and artillery fire. The men fell rapidly and the wounded were carried to the rear. But in spite of the steady work of the Boer guns and the sharpshooters concealed beaind the rocks, the increased fire of the advancing British infantry gradually gained the upper hand, and the Manchesters and the Gordons, edging toward the right, he enemy's left.

The Boers fought to the last, only accempting to escape when further fighting was hopeless. In the meantime the Devonshires, pressing steadily up the left, were strongly opposed at the Boer camp and from the flanking hills, but they carried both at the charge action of England. Capture of Viljoen Received with Satisfaction-Feeling Among Boers. CAPE TOWN, Oct. 23 .- The capture of General Viljoen is a cause of great satisfaction to the outlanders. and punished as he deserves.

It is difficult to gauge exactly the amount of feeling excited among the Dutch by the recent British victories. Their be-The correspondent of the Daily News havior, on the whole, is excellent, considering the great amount of sympathy they feel for the kinsmen in the Transvaal and Orange Free State. The Britishers receive the news of each success in Natal and of the grand stand at Mafeking with the wildest enthusiasm, but the Dutch are silent. Now and then a few, who are more violent than the rest, express their sorrow openly, but the general feeling is perhaps one of relief at the thought that the Britand men fell in the lines, but nothing ish success will not compel them to face the possibility of giving active support to the | cently visited.

A difficult problem is looming, owing to the increased race feeling aroused by the war, but indications are frequent and substantial that the mists of acrimonious discussion are being dispersed by Great Britain's magnanimity and splendid tolerance, tending to make the Dutch in Cape Colony proud of their British citizenship.

PIET JOUBERT'S REPORT.

Belated Account of Last Friday's Fight Near Glencoe Camp. PRETORIA, Oct. 21 (delayed in transmission.)--The Transvaal government received this morning the following dispatch from Commander General Piet Joubert: "Commandant Lucas Myer has had an engagement at Dundee. He made a plan of campaign with Commandant Erasmus by messenger. Erasmus, however, failed to appear. It is estimated that the British lost heavily. Our forces suffered, but owing to the

details. It is reported that ten of our force were killed and twenty-five wounded." GLENCOE CAMP, Oct. 22 (delayed in transmission), 12:20 p. m.—The attack made by the Boer forces under General Lucas Myer on the British position Friday enabled the British forces to score a signal success. The Boer column was driven pellmell over the plains, losing over three hundred killed and wounded. In addition the British captured several hundred horses and made many prisoners, who are being well cared for. The Boer hospital has been taken under the wing of the British hospital corps, as the Boers had only a single doctor with a primitive staff, who was quite unable to cope with the wounded.

RUMOR FROM PRETORIA.

Kruger Said to Favor Surrender-Slaughter of Boers at Mafeking. LONDON, Oct. 23.-A special dispatch from Cape Town, dated Sunday, says that advices received there from Pretoria report President Kruger as now being in favor of an unconditional surrender. It is added that it is expected the Executive Council will meet on Monday or Tuesday to discuss the advisability of such a step. The report, it is stated here, must be accepted with reserve. A private message from Ladysmith, tosays that a messenger who has just arrived there from Pretoria says the women are weeping and walling on the market place. Three trains have been dispatched from Klerksdorp to fetch the wounded from Mafeking. It is estimated there are seven hundred killed and wounded, and it is stated at Pretoria that the British cas-

CHOYNSKI'S KNOCKOUT OF DICK MOORE AT THE ST. LOUIS A. C.

Moore Was Game to the End-Tommy Hogan and Jack O'Keefe-Maher Got the Decision Over Dunkhorst.

ST. LOUIS, Oct. 23 .- Joe Choynski, the well-known California boxer, knocked out Dick Moore, of St. Paul, to-night, in the arena of the St. Louis Athletic Club, in the third round of what was to have been a twenty-round contest. Choynski was in splendid form, and after the first round simply played with the St. Paul boxer. Moore, too, was in good condition, but this availed him nothing against the superior science of the Californian. Choynski had the advantage in height, reach and weight, but Moore was plucky and took a hard beating like a stoic. In the first round Moore carried fight to Joe at every turn, and forced him about the ring with rights and lefts on the body. Choynski used a left jab, which jarred Dick badly. In the second round Joe had his man sized up, and after a rapid exchange sent Dick twice to the floor with rights to the jaw. Moore arose and made a vicious effort to retrieve his laurels, the round closing with both men exchanging hard blows att close quarters. The third round was all in Choynski's favor. He outpointed his opponent at all stages, and put him down three times in succession with right-hand punches on the jaw. Moore was game, though groggy, and managed to regain his feet twice within the count, but while essaying to do the trick a third time was counted out by the referee, Tim Hurst. As a curtain raiser Tommy Hogan, of New York, and Jack O'Keefe, of Memphis, went on for a fifteen-round bout. The latter was called on short notice to take the place of a local man, and though untrained. made a very game fight. In the seventh round Hogan reached the vital spot, and O'Keefe went down and out. Kid McCoy was introduced, and made a few remarks

TO MAHER ON A FOUL.

Decision Over Ed Dunkhorst in a Bout at Syracuse. SYRACUSE, N. Y., Oct. 23 .- Ed Dunkhorst, of Syracuse, lost to Peter Maher in the seventh round of what was to have been a ten-round go before the Monarch Athletic Club here to-night on a foul. The rules under which the men fought stipulated that they should break clean at the command of the referee. When Dunkhorst saw that he was bound to be whipped he deliberately violated this rule, and after repeated warnings the referee gave the decision to Maher. Dunkhorst never had a chance. He was completely outpointed by Maher, who gave him a terrific pummeling Maher had little difficulty in reaching Dunkhorst's face and chin when he pleased but could not put him out. The fighting was not very hot until the sixth round, and jabs that would have put an end to the fight then and there had his opponent been a more vulnerable man than Dunkhorst. The latter could offer no resistance and began catching Maher's glove under his arm
